

Welcome To

PHASE 3
PRODUCTIONS

Why choose Phase 3

Whether it's an event, a new product or business launch, a commercial or a solo presentation, you need top-quality production.

At Phase 3 Productions, we deliver the same impeccable professionalism, high technical standard and approachable interactions on EVERY job - big or small. We have the people, equipment and the know-how to make you and your brand shine.

What We Do

Conferences and Presentations

Wondering what you need for your organization's next conference or presentation? What you need is Phase 3 Productions! Phase 3 is your total live presentation solution, bringing the look, sound and feel that you demand for your event to be unforgettable.

We specialize in lighting and audio-visual solutions to make your next conference, annual general meeting or corporate presentation truly world-class. Just check out our work at the Sandals Ultimate Awards, the 2017 ADP Presidents Club Awards (US based company), UWI Graduation and the Sagicor Motivational Seminar!

What We Do

Content Creation/Video Features

There are many stories that need to be told – and told visually. From the history of your brand to your CEO’s management report, to your long service awards function, Phase 3 has the team to best tell your unique story. Content is indeed KING!

Getting your audience’s attention is a sure thing with Phase 3.

Our spots – such as the JN “This is Love,” the “Tastee Cheese” campaign, and the “Investigate Before You Invest” spot (for Financial Services Commission) - get noticed. We’re ready to do the same for your brand!

We Do It All

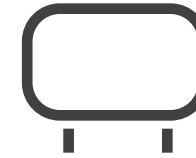

Concept Creation

Image is everything - it's the start of every story. Let us 'bring your image to life' by working closely with you to develop key visual concepts to ensure that your message reaches and resonates with your target audiences.

Whether it's a potential hit TV show, integrated social media, multimedia advertising campaigns or any type of communication - Phase 3 will capture your message.

We Do It All

Audio-Visual
& Multimedia

Make your next presentation your best, and most unforgettable! We offer cutting-edge solutions for your audio-visual presentations with a wide range of in-house resources.

Our technical teams are not only the most knowledgeable in the industry, but the most responsive and most committed to working directly with you from start to WOW!

We Do It All

Equipment
Rentals

In addition to our teams and systems, Phase 3 has a wide range of items in our rental inventory and we are constantly upgrading.

Whatever you need, we've got it – from cameras, lighting, PA systems to video projectors and LED screens – you're 'good to go' with us!

We Do It All

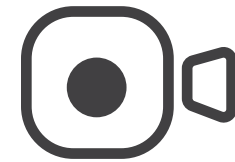

Conference Simultaneous
Interpretation

Hosting an industry conference, summit or multi-user telecast? Phase 3 has the most advanced S/I system in Jamaica with Chairman and Delegate Push to Talk microphones, IR receivers, Interpreter Consoles and more.

We give you the ability to manage over 1000 persons, and up to 8 languages, so everyone will be on the same page... PLUS we have relationships with several translators if you need those services to be included!

We Do It All

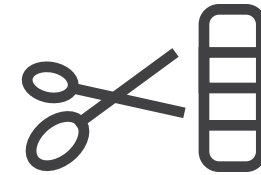

Live Video
Streaming

'Virality' (going viral) is just a call away when you enlist Phase 3. Our video streaming solutions effectively meet a wide range of applications – from that intimate 'one-person' livecast on your Facebook/YouTube page to large scale events requiring thousands of viewers on a custom interface or pay per view. Don't you worry, we have you covered!

We Do It All

Post
Production

Make your next presentation your best, and most unforgettable! We offer cutting-edge solutions for your audio-visual presentations with a wide range of in-house resources.

Our technical teams are not only the most knowledgeable in the industry, but the most responsive and most committed to working directly with you from start to WOW!

We Do It All

Studio Rental

If you're planning on shooting the next corporate profile, company documentary or photoshoot, our Studio 45 is the ideal space. Centrally located in Kingston, Studio 45 can be rented with or without lights. The facility is also set-up with green screen thereby allowing you to select your background during post-production. Studio 45 is a comfortable, professional environment.

We Do It All

36 Years of Experience
in Excellence

Started 36 years ago, Phase 3 Productions came to national attention mainly by way of its work for the only TV station in Jamaica at that time, JBC-TV.

With that station's outside broadcast unit out of commission for over a year, Phase 3 more than ably filled the gap, covering everyone (and everything) from Heads of State to movie stars and international celebrities on screen, sports, and stage.

Over the past 15 years, driven by market demands, Phase Three has evolved into a full multimedia audio-visual production company to meet the needs of the events landscape.

The most advanced digital technologies, expert technicians and highest service standard are what define Phase 3 as, simply, the BEST.
